

Hot Line 33

- **Club Bowls** ~ Our good quality bowls are now stored in the ladies locker room and should be returned to the locker immediately after use. Permission should be obtained from a club coach, official, or senior member to use them. Older club bowls and spare shoes are stored in the mens locker room and are to be used for social occasions
- **Lost Property** ~ Hopefully clothing is all named, this helps greatly when trying to find an owner. Check with Graeme Lowery if you have a problem with lost property. In addition to assist with costs if you use a plastic drinking cup recycling would help and for safety reasons please ensure all cupboard doors and lockers are kept closed

From Graeme Lowery

➤ A Note From our Greens Management

We have been asked to point out to members the "Striped Barber Poles" on each green indicate the direction of play for that particular period of the day. It is very important this direction is adhered to. Very recently 4 players were playing in the wrong direction in relationship to the Barber Poles. Your cooperation in this matter will ensure our green maintenance remains at our usual high standard.

➤ Mens Championship Triples

We are now down to the crunch time with 4 teams remaining in the Mens Championship Triples

Graham Champion is the only Two Lifer along with Maurice Sealby /Kevin Gore and Ken Prebble with One Life each

Watch this space

➤ Mates in Bowls

Although Mates in Bowls does not start not until February It not to early to start thinking about this important sector of the club activities. Please find the flyer attached

- P.S ~ Don't forget your tickets form the xmas BBQ on Saturday December 12th

Please be careful out there
