

Hot Line "Three"

What is happening at Burnside ? ~ Really quite a lot !

Firstly ~ The Davie Green has been

Cored

Seed has been sown

Top Dressed

Rolled

Watered

Now the green is ready for growth ~ I am reliably informed the seed should germinate in approx 14 days

How did this happen ? ~ Through the fine efforts of the Green staff and helpers ~ plus approx 14 members on wheel barrows . Once again another fine effort by our willing volunteers

*The **Strategic / Operating Plan** is almost complete which will ensure [with our individual help] the club is on the correct path for future growth and success . Ken Wilson=Pyne is once again the leader / coordinator of the project and as you would expect we will have a thoroughly professional and effective document . Our sincere thanks to Ken*

***Indoor Bowls** ~ is tracking along well with bowls on Monday / Wednesday/ Friday starting at 1 pm > There is always room for more players ~ Everybody welcome > Men and Women*

***Communication** ~ This coming season ~ Not only will the "Hot Line " be on your door step [Or should I say your computer] ~ Please watch the "Foyer White Boards" for pending mens and womens events plus other initiatives which will ensure you will be the best informed bowling club in the country [Watch this space }*

Mort

Remember ~ Bowls is only a game until you lose !
