## **Presidents Message 2016 / 2017**

It is my pleasure to warmly welcome both existing members and new members to the 2016/2017 season. As you will see, we again have a very full programme for the season. It has been designed to provide bowls for all members and I would urge our new bowlers to become involved and play in as many events as possible. We believe that the events programmed, provide for participation at all levels.

This year we are hosting and being headquarters for the 2016 World Bowls Championships involving 34 countries which will run from the 26<sup>th</sup> November to 11<sup>th</sup> December. This is the last event of the four year international bowls cycle. You are encouraged to become involved and enjoy this experience of this tournament as we will not see the event back in New Zealand for many years. This is the Olympics of Bowls with the top bowlers from around the world competing.

A special thanks to all members who are doing many hours of volunteering in the varied and many tasks around the club. Without your efforts which are greatly appreciated, the Club would not be in the great position we are now.

Glen Miller has a well-planned programme for all the greens. They will be in great condition for the season and will also provide the best surface possible for the world event.

With the lift now fully installed, dining hall roof replaced, lounge refurbished and with 12 sets of smaller size bowls available for coaching along with new coaching computer and video camera, the Club has a great start to the season. These improvements could not happen without the generous support of the Gaming Trusts.

The playing results last year set a standard that we should strive to better this year.

On behalf of the Club I wish to thank our many sponsors for their support. This enables us to provide many of our events. Sponsorship is a two-way street and I would urge all members to use the services of our sponsors whenever possible.

All the best for an enjoyable and successful year.

Alan Bryce  
President
