

Hot Line Number 21 - 9 November 2017

Match Committee

It is great to see the club championship singles, pairs and fours underway. We hope you all enjoy great fun in these competitions. To settle confusion the Fours conditions for qualifying are as listed in the Club Handbook - four, five and six winners qualify for post section play. Skips, if you need to get a substitute for any matches it is your responsibility to find one and then please run it by one of the match committee for approval.

Members are urged to be flexible and tolerant about getting their matches played by due dates. Obviously if members are still in the workforce then matches need to be played either after work or perhaps on Sundays. We are aware that some members are already saying that they cannot play at certain times because they are now playing some form of midweek interclub or club gala events. Some members may have overcommitted themselves. It may be that for a small number that unfortunate outcome of having to default club championship matches will have to occur because they cannot get their matches completed by due dates. We hope that doesn't have to happen too often. Please play all your matches ASAP.

Car vs Car

On last Monday evening a member of Rotary hit a Burnside member's car (in the carpark). When he got home and noticed the 'scrape' mark on his car, he returned to the Club, but the car he hit had left.

If you are the recipient of a scratch or scrape on your vehicle of hitherto unknown origin, and it was parked in the Club Car Park on Monday evening then Barry in the office has the number of the offender, who would be happy to hear from you."
