Selector's report

Keep up the great results on the green and a special thanks to all those who have stepped up to play when asked. We may well need you and some others as the weeks roll by.

Just a reminder about the scoring, especially for men's 3x3's competition. The aggregate scores of the 3 teams in this competition are similar to the pre-Christmas competition in that there are 2 additional points on offer for the overall aggregate.

What I am illustrating is that every shot counts and could well determine the winners at season end. Even if one side is behind on the score board, by winning the last end or two could well bring your overall team an extra 2 points.

Also, I urge you all to check your results on the Bowls Canterbury website. When I checked them today, there were results involving Burnside teams that have not been updated. An under 8's pairs game between Burnside 7 and Burnside 8 in round 1, the under 8's triples game between Burnside 7 and Woolston Park 2, the women 8's div 2 game Burnside 1 and Kaiapoi Riverside both last weekend.

Secondly, there was a result where a Burnside under 8's pairs match with Woolston Park (15-11 to Burnside) was published in reverse. One of our players noticed the error and it has been changed. If it wasn't picked up the team would have 'lost the match' so to speak.
