

# Hot Line Number 8 - 16<sup>th</sup> August 2017

## From the Ladies and Gents Selectors:

*As the new bowls season draws ever closer, the selectors are keen to advise every member of the club who wishes to play inter club bowls pre-Christmas, that the 'Availability Sheet' will be sent out next week.*

*There are various forms of inter club, namely pairs, triples and fours and also different days of the week, namely Mondays, Tuesdays, Wednesdays, Thursdays and naturally on Saturdays. There are mixed events as well as womens and mens separate competitions, so there is something for every player.*

*Now you do not have to play every day or in every event, but you may wish to play in at least one of them that suits your other commitments. So keep an eye on next weeks 'Hotline' for the list of different competitions, fill in your preferences and return the form to the club by **Saturday 23 September**.*

*If you do not have printer at home, there will be some copies of the form in the club foyer.*

*N.B. Members who have notified the selectors by 23 September, will be given playing priority in the teams once play commences.*

*Mike Small convenor of Selectors*

## Team Festival /Trophy Bowls

*Trust you can help ? We are still looking for willing helpers to take a turn running Festival and Trophy Bowls over the season All we are looking for is ? a group of people to share the load with the running of the event . It is our intention to organize the flyers and format for each day with the team taking over the running of the event on a rotation basis*

***What is important !! We all enjoy our bowls !!***

## From the Executive

If you notice any safety issues (eg a broken power plug) or building maintenance problems, please contact Don Lyall directly or add it to the white board list in the admin office so that remedial action can take place

***This item is very important*** >> The last person leaving the Club must pull the chain across the entrance gate to prevent 'hoons' causing damage, or Freedom Campers using our carpark.and of course you will have set the Alarm and locked the door as you left the building ?
