## Barry Bunting – Author

Barry is busily communicating with over 500 bowling clubs from Kaitaia to the Bluff gathering stories that have defined the culture and character of each club. The book is expected to tell stories not just from their history but where they are currently and their plans for the future. The books working title is *Behind the Green Gate*. The title deriving from the different mechanisms at each gate – Latches, weights, pulleys catches – one has to manoeuvre to enter each club.

## From the Editor's desk

### Proverb of the week – “More haste, less speed”

(Acting too quickly and without due diligence, focus and attention to detail will result in avoidable mistakes and thus require even more time to complete the task satisfactorily.)

This proverb is as a direct response to my messing up last week's Hotline – wrong date, format error and in a lot of cases the edition was sent twice to members.

### Help –

With winter fast approaching and life on the greens curtailed I am in need of some human-interest stories for future editions of the Hotline. Put pen to paper or finger to keyboard and send to the editor:
