Umpire's Corner

Question (xxxi)

Player 'A' drives at a bowl in an attempt to remove it from the head. The player's bowl strikes the target bowl – the target bowl then hits the marker on the foot. What should happen?

Answer

The opponents should agree where the target bowl would have come to rest and how to replace any part of the head disturbed after the displacement. If they cannot agree, the end should be declared dead. (Law 37.3.3)

Question (xxxii)

When measuring, skip 'A' accidentally moves a bowl with the end of the measuring tape. What should happen?
