From the Editor's desk

Quote of the week – Very apt in light of our successes last weekend.

“To be successful, you have to use each day as an opportunity to improve, to be better, to get a little bit closer to your goals. It might sound like a lot of work—and with a busy schedule, next to impossible. But the best part is, the more you accomplish, the more you'll want to do, the higher you'll want to reach. So **as long as you have the hunger for success**, you will always have the power within you to achieve it.”
